

Executive Committee, EDAC (Meeting of 11 January 1957)

Hale opened the meeting to indicate that he had had replies from all agencies following the meeting of 8 January. With the exception of the Commerce reply, all members were favorably disposed toward the rewriting of EDAC 152/3 in the revised form in which it emerged from CFEP, to wit, CFEP 301/6, enclosure 4.

Col. Green, Bob Wright, and Hale met on 9 and 10 January to re-draft the above document "to make it timely and to appropriately amend the course of action." A copy of the revised draft entitled, "Proposed Revised Statement of Policy on Economic Defense" accompanies these notes.

It was agreed among all members that the committee would adjourn to study the proposed document and return to a meeting on Tuesday, 15 January with any corrections or additions to the proposed draft and would continue in session until the proposed draft was completely revised.
